PERSONAL PROFILE

Hi! My name is Brianna Wellow Muhor, a passionate aspiring web developer and tech enthusiast from Nairobi, Kenya. I'm currently learning HTML and CSS, taking the first steps to build a strong foundation in front-end development. With a background in Economics and Statistics, I bring analytical thinking and curiosity into the tech world.

I'm deeply motivated by how technology transforms lives—from communication and education to healthcare and agriculture. My goal is to use my growing skills to create real solutions for real problems, starting with my community and expanding to the world.

As someone committed to continuous learning, I'm excited to explore more programming languages and tools while contributing to meaningful projects. My journey is just beginning, but I'm driven, detail-oriented, and eager to learn, grow, and make a lasting impact in the tech space.

KEY SKILLS AND COMPETENCIES

- Web Development (Learning): Currently building skills in HTML and CSS, with a focus on creating responsive and visually appealing websites. Eager to expand into JavaScript and other web technologies.

- Data Analysis (Basic): Familiar with tools like Excel and STATA, with a foundation in statistical thinking from my academic background in Economics and Statistics.

- Analytical Thinking: Naturally inclined to analyze problems and identify patterns using a logical, data-informed approach.

- Communication Skills: Able to clearly communicate ideas and collaborate effectively with peers and mentors. Strong writing and presentation skills developed through academic projects.

- Digital Awareness: Actively learning how technology is applied in areas like digital marketing, product design, and problem-solving in society.

- Professional Attitude & Work Ethic: Highly motivated, adaptable, and committed to continuous learning. Takes initiative and consistently aims to deliver high-quality work.

- Team Collaboration: Open to feedback, enjoys working in teams, and thrives in collaborative environments where ideas are shared and improved together.

EDUCATION

- Bachelor Statistics and Programming; Kenyatta University - (September 2025 - continuing).
- Kenya Certificate of Secondary Education; Ngara Girls' High School (2020 – 2023). Grade B (65 points).

CERTIFICATION

- AI Essentials ALX (May 2024 – July 2024).

INTERESTS

I'm deeply passionate about using technology to solve real-world problems and improve lives—whether in education, health, or everyday communication. I enjoy exploring web development and love the creativity it allows. With a curious mind and a drive to keep

learning, I'm always excited to dive into new skills, collaborate on meaningful projects, and be part of tech's positive impact on the world.
